FINAL ESCAPE EVENT IN VIENNA, AUSTRIA!

We are pleased to share highlights from the ESCAPE event held in Vienna, Austria, organised by the PRAMMER team.

Taking place at the conclusion of the ESCAPE project, the event was designed to showcase and disseminate the project's key outcomes. Participants experienced the escape rooms firsthand and explored all project results and resources available on the official website

PRAMMER

07 January 2026

The participants were mainly young trainers coming from a variety of NGO and research backgrounds. Following the presentation of the ESCAPE project, they took part in the escape rooms, explored the available resources and online materials, and engaged in open discussions. The session also provided time for interaction with the ESCAPE team in Vienna, allowing participants to ask questions and exchange ideas on potential future uses of the project's outputs.
